

# St Clement Cemetery Center Line Michigan Stones Listed in A-Z Order

Alphabetical listing of current visible stones with the location in 3 foot rows south and walking rows west to east. These average eight feet but this width varies and there are several aisles. I am also in process of adding a picture of each stone to the books following this one. Example Ryan Tim s4e35 means south 4, 3 foot rows east 35 walking rows. This is the first tall stone at your right as you come in on the main North to South Walk. This walk is row e36.

This is a work in progress, mainly the work of an old historian, I am solely responsible for any mistakes. I am in the process of recording as much history of the approximately 4-6000 persons buried here as is possible. If you know of anyone buried here especially if they do not have a gravestone please contact me Professor Wesley Arnold at [wecare@dogoodforall.today](mailto:wecare@dogoodforall.today) Also if you can send me the history of anyone you know buried here or at Warren Union Cemetery please do so so that can be recorded in a history book for future generations. If you do not do so that history will be lost. I will be glad to give you full credit for being the source or the author of that history. This list last revised Dec 19, 2014 but see the new revised Index to all stones done in 2017 with over 6,500 entries of burials most of those no longer have stones.
